Food Twine

Tie your roast meat, pork, poultry, etc. with our heat-resistant twine on your automatic binding machine. It is also often used to differentiate your meat products. Each roll is individually wrapped in a protective PE shrink film.

Type	Colors	Description
BC1300	<i>Natural, Red Tail, Black Striped, Green Striped, Red Striped.</i>	<i>Rigid twine food No. 1300. Cotton/polyester.</i>
BC1800	<i>Natural, Red</i>	<i>Spiraltwist No. 1800 elastic food twine. Synthetic yarn/rubber food grade.</i>

Strapping Machines

TP702YAM

High Speed Fully Automatic Side-Seal Wash down machine

- Robust and compact strapping head
- Control panel with LCD display
- Free access to strap guides

TP702BPSS

Fully Automatic Strapping Machine with Compression Press

- Robust and compact strapping head
- Rust resistant frame
- Corrosion retardant components

Carton Sealers

SB-2EX-SS

- Plug-in and go operation
- Fast and easy box size changes
- Low maintenance
- No compressed air required

Tying Machines

FRTA-AS-SB

➤ **FRTA-AS-SB**

- Wear-free AC Servomotors
- Automatic knotting unit reset
- Up to 60 strings/minute
- Fully stainless steel construction

Our different models of automatic and semi-automatic tying machines are designed to improved ergonomics, reduce operator back and arm strain, and wrist problems resulting in higher productivity. For both industrial and retail use.

FRTS

➤ **FRTS**

- PLC controller
- Low noise reliable electronic motors
- Up to 37 strings/minute
- Stainless steel construction

➤ **FRTM**

- Wear-free AC Servomotors
- Up to 63 strings/minute
- 1, 2, 3, cross and continous tying
- Fully stainless steel construction

FRTM

We create Alternative Technology

Since 1986, AT Packaging has contributed to many cost savings in the Packaging Industry by offering alternative technologies which benefits to all its partners.

Always looking for technological inventions applicable in Today's Industry, AT Packaging has tremendous technical capabilities to realize all your packaging projects.
